Changes to shipping partners and changes in business have resulted in closures in Brooks and Lethbridge, grievances have been filed over this and will be ongoing as well as the maintenance positions in Edmonton and Calgary.

Waste Management

One termination grievance in Saskatoon and one in Fort McMurray as well as layoff in Calgary are moving towards arbitration. Meeting with the company to resolve grievances and outstanding issues is ongoing. DriveCam are being installed this month in all WM vehicles that go on the public roads, a grievance in Saskatchewan and Alberta has been filed asking that the camera on the driver and the Audio be turned off. This would only leave the camera facing the road that we are okay with having.

In Solidarity,
